(CEO)

# MESSAGE FROM THE CEO & GM

AHMED AL MAMARI  
(GM)

At Horizontal Line Contracting Company, we represent more than just a business venture — we are the result of a powerful synergy between two industry leaders: **United Construction Projects (UCP)** of Oman and **Zawya Al-Sahari General Contracting Est. (ZS)** of Saudi Arabia.

This strategic alliance brings together UCP's proven expertise in large-scale construction and infrastructure development with ZS's strong presence in Saudi Arabia's industrial and logistics sectors. Together, we form a dynamic force capable of delivering high-impact solutions across borders.

Our mission is simple yet ambitious: to provide exceptional value through innovation, precision, and performance. We operate with a shared commitment to excellence, safety, and sustainability — whether it's civil infrastructure, drilling and reclamation, roadworks, or integrated manpower and equipment solutions.

Driven by advanced technologies and world-class talent, we are building a company that not only meets the needs of today but is also ready for the challenges of tomorrow. Our vision, "Unified Strength, Unmatched Execution," defines our path forward — a future built on collaboration, capability, and continuous growth.

We are proud to serve both the Sultanate of Oman and the Kingdom of Saudi Arabia, and we look forward to shaping the region's progress, together.

# INTRODUCTION

**Horizontal Line Contracting Company** is the result of a powerful strategic partnership between **two industry leaders**:

**United Construction Projects (UCP)**

A prominent force in Oman's construction landscape, UCP is known for executing large scale infrastructure, residential, and industrial projects. The company thrives on technological innovation and engineering excellence.

**Zawya Al-Sahari General Contracting Est. (ZS)**

A 100% Saudi-owned enterprise based in Al Khobar, ZS has been a trusted name since 2010. The firm specializes in drilling, reclamation, road works, and comprehensive manpower and equipment rental services throughout the Kingdom of Saudi Arabia.

# OUR MISSION

We can **dream, create, design,**  
and build the **most wonderful**  
**country** in the world."

At Horizontal Line Contracting Company, our mission is to go beyond expectations by delivering world-class construction solutions rooted in transparency, quality, and unwavering ethics.

We are committed to building lasting value for our clients, communities, and the nation.

  - Safety & Sustainability
  - Innovation & Technology
  - Commitment to Timely Delivery
  - Customer Satisfaction
- 

# OUR CORE SERVICES

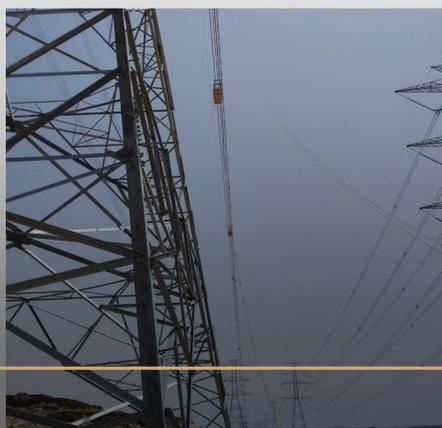

01

## TOWER LINE TRANSMISSIONS

### & SUBSTATION CONNECTIONS

We provide turnkey solutions for overhead tower line transmission projects, including erection, stringing, and testing of high-voltage transmission lines.

Our skilled crew ensures compliance with utility regulations and safety standards, supporting energy distribution across long distances.

Horizontal Line

# 02

# ROAD CONSTRUCTION

Our company specializes in comprehensive Right of Way (ROW) works across the Kingdom of Saudi Arabia, with a strong commitment to quality, safety, and timely execution in line with Aramco and other industrial standards.

We are proud to deliver end-to-end solutions for projects involving road access, pipeline corridors and utility installation zones

03

## WATER SUPPLY CONNECTIONS

Horizontal Line specializes in the installation of water supply networks for residential, commercial, and industrial applications. This includes pipeline trenching, valve installation, water meter integration, and pressure testing to ensure clean, uninterrupted, and compliant water distribution systems.

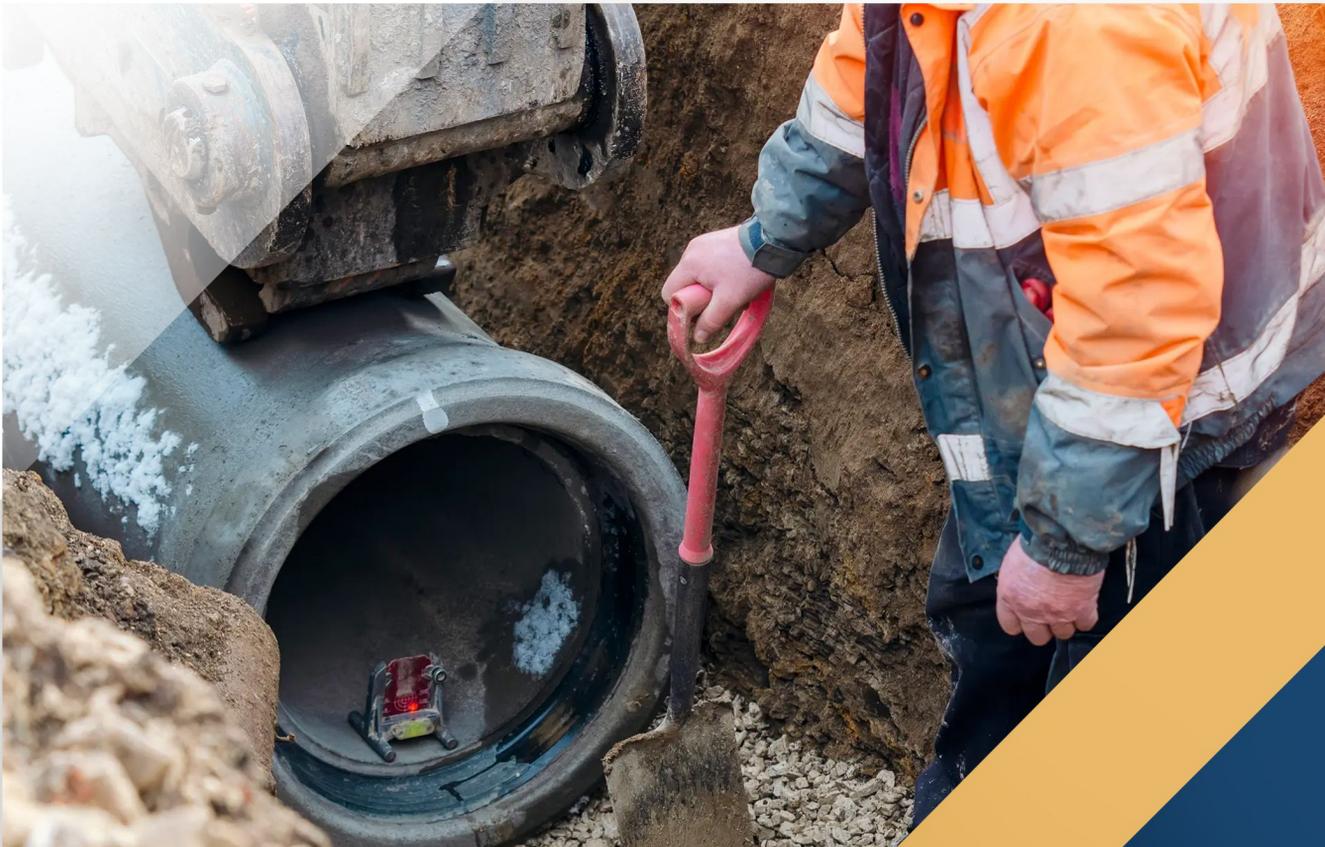

04

## DRAINAGE CONNECTIONS

Our drainage services include the design and installation of stormwater and wastewater systems.

We construct underground drainage networks, manholes, catch basins, and surface water control structures to ensure efficient water discharge and prevent flooding or erosion.

05

## FIBER OPTIC CABLE CONNECTIONS

We offer comprehensive fiber optic installation services including underground cable laying, splicing, termination, and testing.

Our team ensures high-speed data transmission networks with minimal signal loss, supporting telecommunication, utility, and smart city infrastructure projects.

06

# RENTAL EQUIPMENT

We provide a wide range of heavy and industrial equipment for rent to support client projects in construction, oil & gas, and infrastructure development.

Our well-maintained fleet includes:

Excavators

Bulldozers

Wheel  
Loaders

Dump Trucks

Water Trucks

Bus

Cranes

Graders

Forklifts

Roller Trucks

Boom Trucks

Mini Bus

Welding  
Machine

Cutting  
Machine

Concrete  
Mixer

Electrical  
Handdrill

Hilti Gun

Grinder

# 07

# MANPOWER SUPPLY

## RIGGER

Rigger Level (1, 2, 3) Aramco & Non-Aramco, Operators (Heavy Equipment) Aramco & Non-Aramco, Derrick Man, Floor Man, Roustabout, Mud boy, Flag Man, Safety Man

## MECHANICAL

Mechanical Engineer, Mechanical Supervisor, Mechanical Forman, Mechanical Fitter / Fabricator, Mechanical Helper

## CIVIL

Civil Engineer, Civil Supervisor, Civil Forman, Civil Leadsman, Civil Helper, Surveyor

## ELECTRICAL

Electrical Engineer, Electrical Supervisor, Electrical Forman, Electrical Helper, Industrial Electrician

## SAFETY

Safety Engineer, Safety Supervisor, Safety Officer, Safety Assistant, Safety Helper, Work Permit Receiver (Aramco & NonAramco)

## INSTRUMENT

Instrument Engineer, Instrument Supervisor, Instrument Technician, Instrument Fitter, Instrument Helper

## EQUIPMENT OPERATOR

Crane Operator (Aramco & Non Aramco), Backhoe Operator, Forklift Operator, Bobcat Operator, Excavator Operator, JCB Operator, Bulldozer Operator, Loader Operator

## General Categories

Document Controller, Office Secretary, Office Boy, A/C Technician, Heavy Duty Driver, Light Duty Driver, Fire Watch Man, Welders (3G, 6G, Multi), Rigger (Level I, II, III), Scaffolders, Steel Erector

# ADDITIONAL SERVICES

08

## CIVIL MATERIALS SUPPLY

Horizontal Line supplies a wide variety of civil construction materials, including:

- Ready-mix concrete
- Cement and binding agents
- Rebar and structural steel
- Bricks, blocks, and pavers
- Plumbing and drainage accessories

Our logistics team ensures timely delivery to project locations anywhere in the Kingdom.

09

# CRUSHER MATERIALS SUPPLY

We supply high-quality crushed aggregates for use in road works, concrete production, landfills, and base layers. Materials include:

- Crushed stone ● Gravel
- Sub-base ● Washed sand
- Base course and asphalt aggregates

All materials are tested for compliance with Saudi construction standards and client specifications.

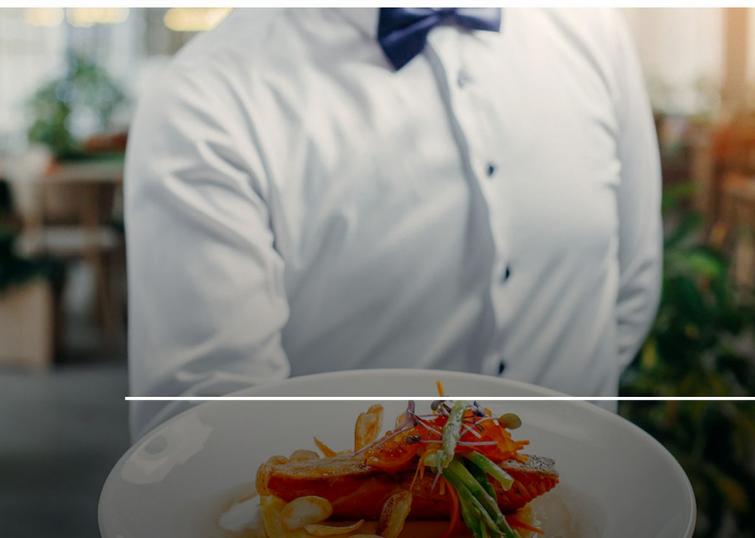

## 10

# CATERING SERVICE

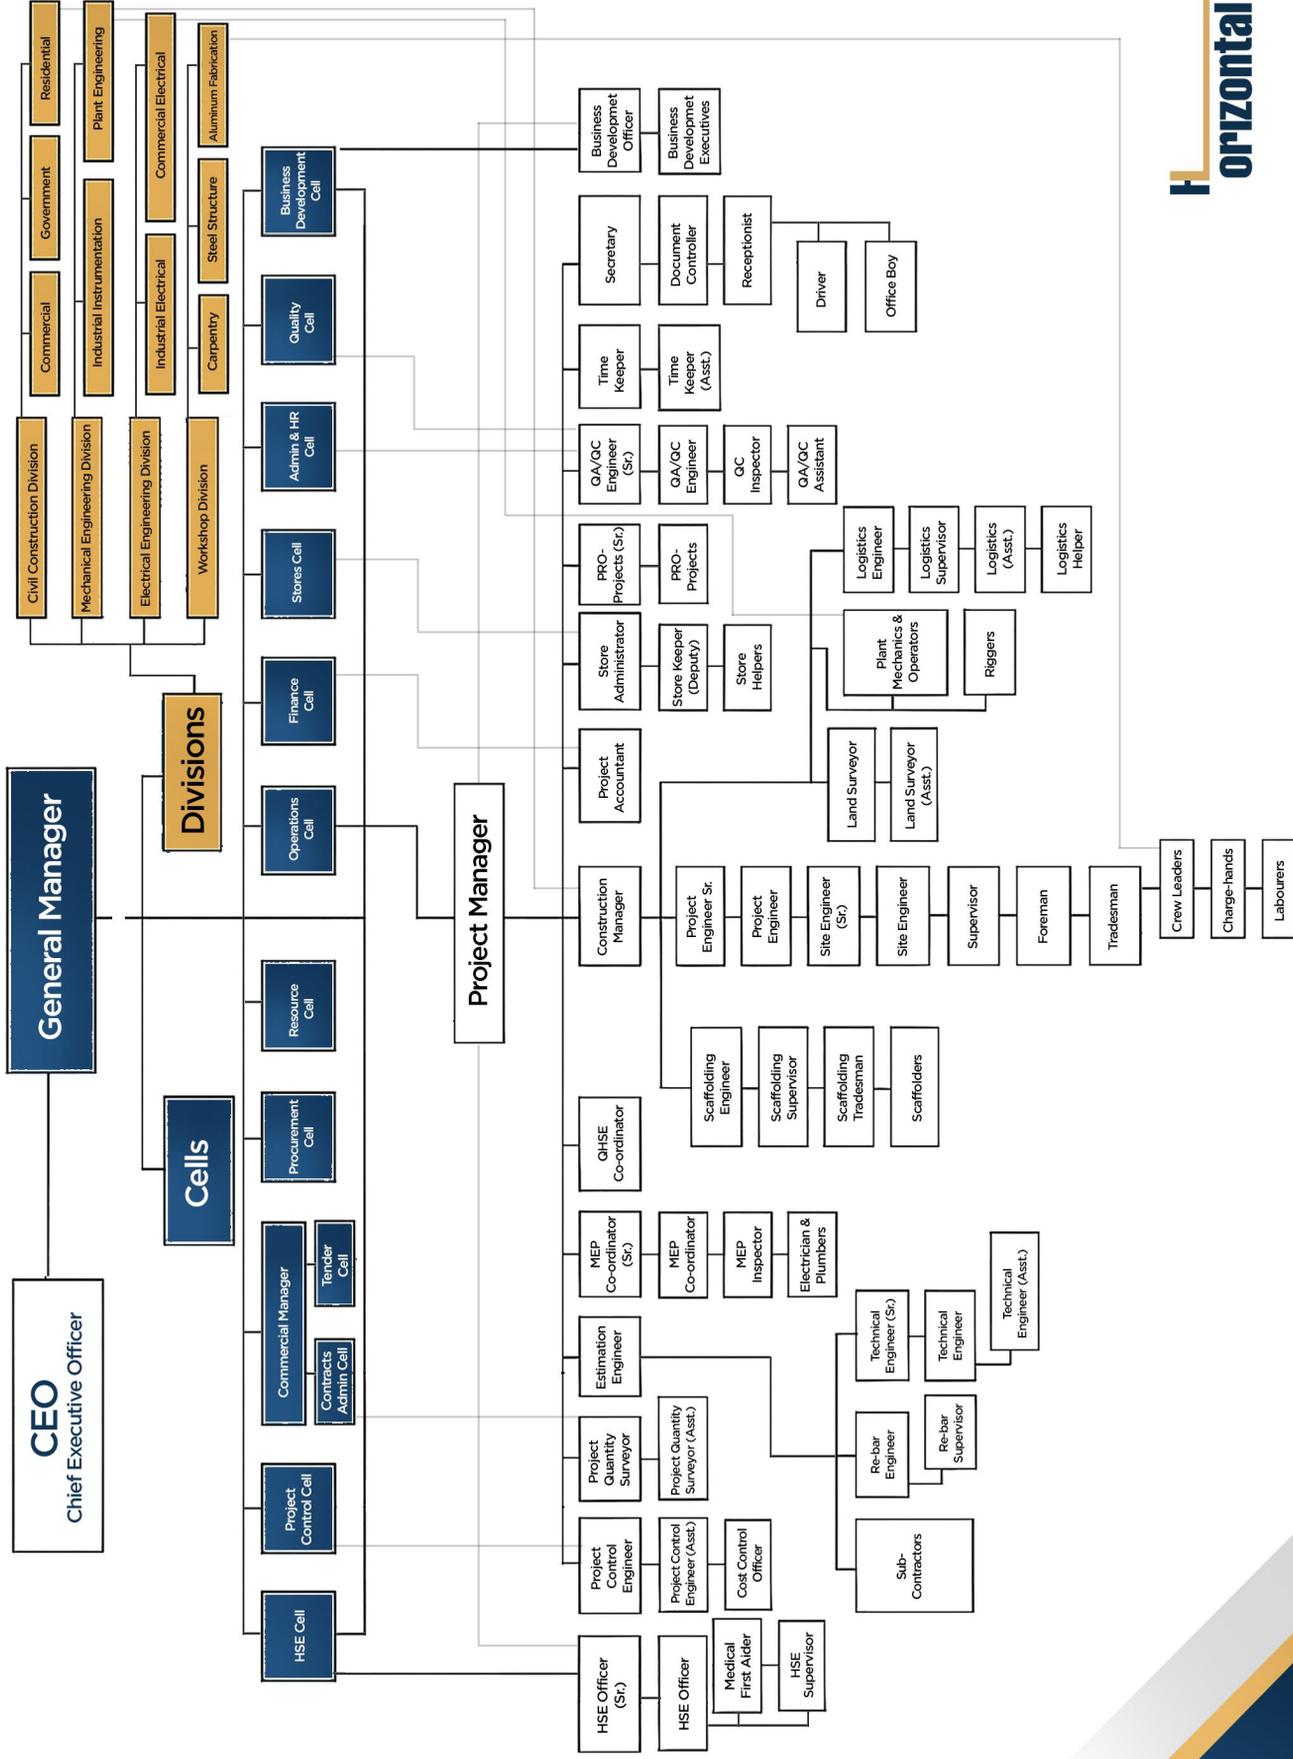

We offer professional catering services for work camps, remote project sites, and labor accommodations. Our services include:

- **Daily meal preparation (standard and customized menus)**
- **Safe food handling and hygiene practices**
- **On-site kitchen setup and staff supply**
- **Scheduled meal delivery and emergency response catering**

We follow all health and safety guidelines regulated in the Kingdom of Saudi Arabia.
